## **About the Activity**

### **SEMINAR ON PERCEPTUAL MAPPING OF CREATIVITY-AN EXPLORATORY APPROACH.**

A seminar was organized on 19<sup>th</sup> July, 2018, for the students of Tybba and Tybbm, by the renowned group Creativity.

This resource person for the seminar was Mr. Benny Godwin CIM, Lavasa, who explained the features of creativity and its uniqueness. He gave valuable inputs on "Research Methodology" and explained in details how exactly a research is conducted. This seminar did not just contain lectures on Research, but students had the opportunity to execute what they learned in the classroom, outside in the city. Students were divided into pairs and each pair was given a particular location in and around Pune and they had to conduct a survey regarding public knowledge about Creativity. Indeed, this was a task not only filled with practical exposure but also a lot of fun for the students who conducted this survey with great enthusiasm and willingness. This was a 2 day survey after which the students submitted their findings to the professor in charge.

Thus, this survey helped the final year management students in understanding more about the concept of "Research".
