*Language and Communication Skill Development*

**Academic Year 2020-2021**

### *About the Initiative*

Communications is fundamental to the existence and survival of humans as well as to an organization. It is a process of creating and sharing ideas, information, views, facts, feelings, etc. among the people to reach a common understanding. Communication is the key to the Directing function of management. Communication is also important within the business. Effective communication can help to foster a good working relationship between the employer and employee, which can in turn improve morale and efficiency of the business.

Sighting the importance of communication and language skills in the business world, the Department of Commerce at Christ College Pune initiated the idea of developing and nurturing the language and communication skills of our students. This initiative caters to various basic communication and language skill sets a student should possess in day to activities and also for the future endeavors. As an initial leap, this programme focuses on Reading, Writing and Listening skills of our students. We believe to be a catalyst in fostering and developing the basic language and communication skills of our students.

This initiative hope to expand its scope to various realms of language skills such as vocabulary development, public speaking, mock interviews, role plays, and also to reach out to more students in the coming years.

## About the Programme

Coursera Inc. is an American massive open online course provider founded in 2012 by Stanford University computer science professors Andrew Ng and Daphne Koller. Coursera works with universities and other organizations to offer online courses, certifications, and degrees in a variety of subjects. Coursera is an **online learning platform** offering self-paced guided projects and on-demand courses on a variety of subjects. **Coursera** is the global online learning platform that offers anyone, anywhere access to online courses and degrees from world-class universities and companies. Coursera partners with **more than 200 leading universities** and companies to bring flexible, affordable, job-relevant online learning to individuals and organizations worldwide. We offer a range of learning opportunities—from hands-on projects and courses to job-ready certificates and degree programs.

On the outset of COVID – 19 pandemic Coursera launched a programme, 'Coursera Together: Free online learning during COVID-19' which focused on providing free resources, as well as surfacing interesting course collections, community discussions, and expert interviews.

With this programme Coursera launched a global effort to provide free access to Coursera for colleges and universities impacted by the coronavirus outbreak. This facility to learn remotely was made into full capable use due to the global community of educators and learners who continue to support and learn from each other.

Christ College Pune also made use of this great opportunity, by associating with Coursera over the programme, *Coursera for students* which helped the students to reach out to new horizons of learning remotely having access to learn from great educators all around the world.

This programme was administered and closely monitored by Christ College Pune and we are happy that over five hundred students were benefitted from this programs and many of them earned certification on various courses they had enrolled for.

Academic Year 2020-2021

## Additional Skill Development Certificate Courses

### *About the programme*

As part of equipping the students with additional skills beneficial for their future and career advancements, Department of Commerce organised a yearlong programme. In this initiative students were provided guidance to complete few certificate courses from various online platforms such as Coursera, Future Learn Corporate Financial Institute, etc.

The faculty kept a close watch and monitored the progress of the candidate and awarded points on successful completion of the short term courses they had enrolled for. This programme was conducted as a trial to learn about the potential of including additional short term skill development courses along with the academics to inculcate interest in topics related to their domain there by adapting and acquiring new knowledge.

There were 799 enrolments in total of which 550 candidates completed the courses they enrolled in successfully, witnessing a 70.6% successful completion rate. The students of TYBCOM, TYBBA, SYBCOM, SYBBA, FYMCOM & SYMCOM classes participated in this programme. Prof. Blesson James of Dept. of Commerce initiated and monitored the programme.

## **CHRIST COLLEGE – PUNE**

### **Department of Physical Education and Sports**

**Academic Year 2020 – 2021**

#### ***Activities based on Improving Physical Fitness***

##### **About the Initiative**

The Department of Physical Education and Sports, Christ College – Pune, initiated exercise-based activities on Improving Physical Fitness for the students of the college. The mandated lockdown has impacted many elements of people's lives, including everyday fitness activities of fitness enthusiasts, leading to severe distresses, fitness and health concerns. The restrictions due to COVID-19 pandemic, had forced the student fraternity to be indoors, the department took this opportunity to engage with the students through online platforms such as, YouTube, Google classrooms and Google meet. The initiative was conducted from July 2020 – Aug 2020.

##### **Objectives**

The initiative focused on the following objectives:

1. To encourage students to invest time in exercises daily.
2. To provide guidance on physical fitness within the restriction of the student's home.
3. To motivate students to be physically fit and mentally healthy during the pandemic.
4. To improve the immunity and will power of students through physical fitness and endurance activities.
